

# Zionist Conspiracies Against Islam:

## Rashad Khalifa's Cult

You'll find the most disastrous campaigns by Jews, Qadianis, Shia, and other enemies of Islam who say, "Just hold fast to Qur'an and don't follow Hadiths because Hadiths aren't reliable." Sayyidina Rasulallah (ﷺ) forewarns Muslims *Beware of the time when people sitting on cushions, relaxing, say 'just follow Qur'an and don't follow Hadiths'*. In addition to the groups named above there is a wave of pro-Zionists propagating a false religion, but trying to use the name of Islam. These people may have Arabic (or Urdu/Farsi) names, dress half-way like Muslims, and use some Arabic terminology, but they are NOT Muslims, nor are they anywhere close to being Muslim! These shayateen are members of an international cult that calls itself "[The Submitters](#)," founded by a dajjal named Dr. Rashad Khalifa, Ph.D. The mission of this Zionist-backed organization is to wage an unholy war against Hadith and the Sunnah of Sayyidina wa Mawlana Muhammad (ﷺ) while professing to follow nothing but the Holy Qur'an.

Many Muslims have heard the name "Rashad Khalifa," but few know the true identity of this wretch. The most interesting fact about this dajjal is that he was NEVER Muslim. **Rashad Khalifa was a Coptic Christian** from Egypt and when Allah sent that wretch to the Hell-Fire, he died a Coptic Christian (he was assassinated by a Muslim). His real name was Richard Kalif and he was registered as Richard *both* in Egypt and in America, but at no point in his cursed life did he ever become Muslim. In order to establish a cult in America and gain flexibility, the Zionists funded him to establish his following in Tucson, Arizona. He was paid by the Jews not only to spread his cult in America, but to produce his own (uneducated and fully opinionated) "commentary" of the Holy Qur'an, with the intent of levying an attack against Hadith & Sunnah and branding those Muslims who follow the Sunnah of Sayyidina Rasulallah (may peace of God be upon him) as being "false Muslims" and heretics. Such an example of this is found on page 94 of his commentary, titled [Quran: The Final Scripture](#), where he wrote:

"When they grow up in an environment that equates goodness with belief in God and the Hereafter, consequently this person may profess belief in God and the Hereafter; and in order to be good while in fact, his innermost convictions are contrary. [he then makes reference to the Holy Qur'an, referring to ayats unrelated to his feeble point] God teaches us in these verses that the invention of Hadith and/or Sunnah was designed to distinguish the true Muslims from the false Muslims. The true Muslims upheld the Qur'an, the whole Qur'an, and nothing but the Qur'an."

Of course, he means the "false Muslims" uphold the Sunnah of Sayyidina wa Mawlana Muhammad (ﷺ). Keep in mind, Richard, alias "Rashad Khalifa" was a Coptic Christian.

In his own arrogance and filth, Richard claimed to be a Messenger of God, in the same manner the dajjal by the name Ghulam Ahmad Qadian did. In his retarded claim to Messengerhood, he declared himself to be receptive of revelation (revelation, which is specifically for the Prophets of Allah) and that Allah has revealed to him a "new Sunnah," asserting that the Sunnah of Sayyidina Rasulallah (ﷺ) was invented by Shaytan. May Allah give that Coptic wretch what he deserves! The most popular of the claims of this false prophet is the fitnah of the "miracle" of the number 19. Though a very absurd and ridiculous claim the "Submitters" make, Muslims should be well aware that the "number 19 phenomena" of Mr. Richard and his "mathematical scheme of Qur'an" is purely his freemason insertions into religion. It is important to know that most of his statistics were totally false. Yes, like so many other cults, the Submitters are heavily tied into Masonic orders. In a very wasteful effort he and his cult followers produced many books in their pathetic attempt to support his ideologies with contorted "Islamic history" which is "coincidentally" written by Zionists whose aims are to defame and desecrate the name of al-Islam.

His cult now assumes new names in order to disguise their program. They now go by the following

## The Zionist "Submitters" organization

names:

1. The Submitters (most commonly used name by them as they replace ISLAM with "Submission." Since they know very well that REAL Muslims will undergo hardship and many trials due to the fact that they are Muslim, they don't call themselves MUSLIM, but call themselves Submitters.)
2. International Community of Submitters
3. The Submission
4. Qur'anic Islam Movement (an offshoot of Mr. Richard's group from Pakistan)

As previously stated, the mission of these kuffar is to attack one of the basic structures of Islam, which is the Sunnah of The Holy Last Messenger (ﷺ). There are numerous beliefs and assertions these shayateen make which clearly expose their anti-Islamic agenda and pagan beliefs. For example, 1.) They believe that Sayyidina Muhammad (ﷺ) wrote the Holy Qur'an himself. 2.) They disbelieve the Kalimah's second half, which is **MUHAMMAD is the Messenger of Allah**. 3.) They reject many verses of the Holy Qur'an. Bear in mind that there is no difference between their beliefs and that of Iblis (Satan), because Iblis accepts the first half of the Kalimah (Laa ilaaha illallah), but rejects the second half.

No matter what state Sayyidina Muhammad (ﷺ) was in, his blessed words were either revelation or in the light of revelation, and the Almighty Allah proves it to all of mankind in Surat an-Najm were He says:

**"And he (Muhammad) does not say anything from his own hawaa (desires, wishes). Indeed he says what is revelation or in light of revelation."**

Anyone who disbelieves in this doesn't believe in Holy Qur'an.

The followers of Mr. Richard Kalif, alias Rashad Khalifa (may Allah give that wretch what he deserves, no matter what name he assumed), are neither Muslim nor are they to be regarded as Islamic in any shape or form, for their only motive is to rebel against Islam via attacking Hadith, Sunnah, and the blessed personality of Sayyidina wa Mawlana Muhammad (ﷺ). They come in the guise of people who strongly attack non-Muslim religions, but Allah exposes them for who they are by their own words, as they slide in attacks against common sense Shari'ah issues, such as eating pork or haram meat, etc. May Allah protect Muslims from the satanic rhetoric of this cult and other Zionist organizations bent on destroying al-Islam from the inside as well as the outside. Aameen.
